ALA-TOO INTERNATIONAL UNIVERSITY

Gateway to the world

ALA-TOO INTERNATIONAL UNIVERSITY

In the year 1996, the signing of a cooperative educational agreement between the Ministry of Education and Science of the Kyrgyz Republic and the Sapat Educational Organization, gave a start for the launch of the Ala-Too International University. The campus area constitutes 54,000m² covered and 16,000m² of open space.

Five blocks are located on the campus, equipped with smart boards, internet infrastructure, and modern laboratories. In our peaceful campus you can benefit from the use of the library that is a home for 30 thousand books in different languages used in our various study programs. Every day at lunch, both delicious and affordable meals are available for 250 people in the big dining hall. Two canteens, with decent environments, serve our students in the winter and summer. An indoor sports hall and football-basketball-volleyball-tennis fields are also included to the diversity of our campus.

AIU has four faculties: Economics and Administrative Sciences, Social Sciences, New Technologies and Medicine form the core. Eighteen departments, a Vocational education that educates 9th through 11th grade students, with a distant educational system consisting of BA (Management) and MA (Pedagogy and Management) programs complete the educational infrastructure, making education available for 2250 students from all over the world.

Tuition fees reflect the global standards and vary based on the choice of faculty. Education is conducted mainly in English with Russian, Kyrgyz, and Turkish languages being auxiliary. The university offers selective language courses of Japanese, German, Chinese, and French. Also, for those with insufficient English language proficiency, there is a Preparatory School.
